

# **Wayne Bolden And The Staff Of Wayne's Water 'N' Wells, Garrett County Nominated By Walter Cecil, Mary Foley & John Grumbach**

“Above and beyond the call of duty” aptly describes the efforts Wayne Bolden and employees of Wayne's Water 'N' Wells made in the rescue of nine miners trapped in a flooded mine in Somerset County. The crew responded immediately to the emergency after hearing about it on a news broadcast. Working almost nonstop for nearly four days, they drilled holes to pump rising water from the mine and communicate with the trapped miners.
